### MISSION

Create a Center for preserving, studying and bringing alive the History of Mount Washington.

---

### HUMANITIES EXPERTISE

The purpose of the organization shall be for the preservation of the 1868 School House, the collection, preservation and safekeeping of any articles and items of historical interest, such as personal records connected with the town, the marking of historical sites in the town as well as a place (the schoolhouse) where documents, relics and historical records related to the town may be seen and studied by the public.

In a world of modernity, this organization hopes to bring the community together in a place where history can be felt and experienced first hand.
