MISSION

Chester Theatre Company is committed to presenting intelligent, contemporary, language-rich, thought-provoking plays produced by world class theatre professionals. We create a lasting effect on our audiences – bend minds, open hearts, and expand consciousness.

HUMANITIES EXPERTISE

Chester Theatre Company (CTC) teaches theatre. They invite audiences to wrestle with the challenging questions of our time as presented in the plays they produce. They inspire young and old to choose engagement over judgment – to cultivate openness to new ideas. CTC encourages elementary, high school and college students, and life-long learners to take part in that journey.
